

## Regarding bisphenol A (BPA), flame retardants and PFAS

All products from Holmen Board and Paper Braviken and Hallsta mill are uncoated paper made of virgin mechanical pulp. None of the following chemical substances are intentionally added in any of the products:

- **Bisphenol A** (commonly referred to as BPA)
- **Chemical flame retardants**
- **PFAS** (incl. PFOA and PFOS as stated in Regulation (EU) No. 2019/1021 regarding articles)

For this reason, they are not expected to be present in the products.
