

Regarding compliance with the EU Biocidal Products Regulation 528/2012 for Holmen Paper's products

Holmen Paper is pleased to inform you that biocides used at Hallsta Paper Mill and Braviken Paper Mill, complies with the EU Biocidal Products Regulation 528/2012. Holmen Paper's products do not contain any biocides, as biocides mainly are used as slimicides to prevent bacteria growth in the water systems.
